CITO TAPE

Make-ready tape made of self-adhesive calibrated paper.

- Higher production reliability through optimum adhesive strength even for tape-to-tape applications
- Uniform and easy unwinding: no bulging, no blocking and no soiling as a result of winding the rolls up on a separate core that is free from burrs
- Ideal for long runs and repeat orders due to its extreme durability
- Smooth running of the machine through constant pressure distribution
- Largest choice of widths and thicknesses available for special applications
